

**Virginia Green** is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green** has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, **Virginia Green** expects its participants to strive to reduce their environmental impacts in all aspects of their operations; and this profile provides a full list of all their "green" activities. These are the activities that customers can expect to find when they work with or visit the offices of this organization.

## Virginia Green Partner Profile:

# FiltaFry

## Quinton, Virginia

---

FiltaFry provides a mobile on-site service for the micro-filtration of cooking oil, the vacuum based cleaning of deep fryers, and full fryer management. FiltaFry customers include hotels, restaurants, airports, schools and hospitals. FiltaFry is committed to reducing its environmental impact where ever possible and encourages those it works with to join and do business with other Virginia Green participants.
